

## **FOOD CRISIS RELIEF**

### **EMAIL TEMPLATES – DONATION ASK**

Dear friends and colleagues,

On March 30th 2020, I will be swapping high-pressure meetings for a high-pressure kitchen, to take part in the OzHarvest CEO CookOff™.

I will be joining 200 like-minded business leaders and some of Australia's top chefs to cook and serve a fine dining feast to over 1,300 vulnerable Aussies, as well as those who have been impacted by recent fires and droughts.

For 15 years, OzHarvest has provided food relief to those in need every single day. In this time of crisis and into the future, the need for food relief is sadly more in demand than ever. They are doing all that they can to reach those who are affected by fires, drought and floods, in addition to their continued support of the 1,500 charities that rely on them every day.

With your extraordinary support, I will be helping OzHarvest provide food crisis relief across Australia; striving towards a fundraising goal of \$3million which will help OzHarvest deliver over six million meals to Australians in need.

To donate, simply go to my {fundraising page}. Every dollar = 2 meals and will go a long way to help the most vulnerable people in our community.

Thanks for your support,
